

**Surname:** Kamateros  
**Name:** Spyros  
**E-mail:** sc@astound.net  
**Phone:** +1-925-451-0881  
**Address:** 3770 Cornella Ct.  
Concord, Ca 94518

I was born and raised in Egypt. I graduated from Boys High School 2nd Athens (Practical Section). I speak Greek, English, French, Arabic, some Spanish, and understand Italian. I live in California since 1962.

### **Studies**

- Degrees Electrical Engineering and Computer Science (UC Berkeley)
- Master's in Theoretical Physics (California State University).
- Professional qualifications (IBM, etc) in Computer Systems Analysis and Design, Operating Systems, Application Design, etc.

### **Professional Experience**

- 45 years + experience (since 1966) in numerous Computer Systems in the U.S. (Silicon Valley) and Europe, from Old Mainframes to current computers.
- I had the good fortune to participate in and contribute somewhat to the 'development' of the first microcomputers in Silicon Valley in the decades of 70 and 80.
- Founder and CEO of three companies (start-ups) Software Development, Logistics and Transportation worldwide fame, with applications in the U.S. and in Europe, the last of which was bought by the French company Neopost (Alcatel) which I was Vice President for Research and Development four years based in Paris.
- Designer branded desktop applications (KSAM80, Multisam, The Complete Accounting System, Insyst, SuperMac, The Connection, Wix, Winlink, FriendShip, Tranfinity, Xpert Mailer, Xpert Rater, etc) with thousands of users - individuals and hundreds of users - companies worldwide.
- Professor of Computer Applications in Business Management at California State University School of Management for ten years, retired in March 2009.
